

AIDIL BIN ROZAIDI

Petaling Jaya, Selangor | +601131964189 | aidilkiy21@gmail.com
<https://www.linkedin.com/in/aidil-rozaidi/>

SUMMARY

Software Engineering graduate with hands-on experience in software development, mobile application development, and customer support operations. Developed a Flutter, Unity, and Firebase-based augmented reality navigation system and contributed to web application development during internship experience. Skilled in problem-solving, technical communication, and collaborating with cross-functional teams. Seeking opportunities to apply both technical and customer-focused expertise in software engineering, application support, or technology-driven roles.

EDUCATION

Bachelor of Information Technology (Hons.) in Software Engineering **Feb 2022 – July 2025**
UniKL Malaysian Institute of Information Technology (UniKL MIIT)
CGPA: 3.30

Diploma in Business Information Technology **May 2019 - Jun 2021**
Kolej Profesional Mara Seri Iskandar
CGPA: 3.41

WORK EXPERIENCE

Technical Support Trainee Associate (K-Youth Programme) **April 2026 - Present**
The Access Group

- Assisted Australian customers through inbound calls and voicemail callback services, ensuring professional and timely communication.
- Created and managed customer support cases in Intercom and Salesforce, maintaining accurate documentation of reported issues.
- Gathered and verified customer information to support effective case logging and assignment to appropriate support teams.
- Collaborated with internal teams by routing and tracking cases to ensure timely follow-up and resolution of customer inquiries.

Analyst Programmer Intern **Mar 2025 - July 2025**
Al-Madinah International University

- Developed and maintained an Agent Portal system to support student registration and international recruitment processes.
- Designed and implemented responsive user interface components to improve system usability and user experience.
- Collaborated with stakeholders and team members to gather requirements, develop features, and ensure system functionality.
- Conducted system testing, debugging, and issue resolution to improve application reliability and performance before deployment.

KEY PROJECTS

MIITGuide – Augmented Reality Navigation System (Final Year Project)

- Developed a Flutter and Unity-based mobile application that combines augmented reality navigation with Firebase-powered user management and data services.
- Designed and implemented an offline AR navigation system for a multi-story campus building using AR Foundation, ARCore, and XR technologies.
- Engineered role-based functionalities for students, guest, and administrators, enhancing accessibility, system management, and overall user experience.

CERTIFICATIONS

AWS Certified Cloud Practitioner

2026

- *Issued by: Amazon Web Services (AWS)*

Google Project Management Certificate

2023

- *Issued by: Coursera*

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, TypeScript, C#, Dart, PHP
- **Frameworks:** Angular, React, Flutter, ASP.NET Core
- **Mobile Development:** Kotlin
- **Databases:** Firebase, MySQL, SQLite
- **Tools & Platforms:** Visual Studio Code, Android Studio, Visual Studio, Git, GitHub
- **Design & Modelling:** Unity
- **Design & UI/UX:** Figma, Canva
- **Other:** RESTful APIs

LANGUAGES

- Bahasa Melayu (Native)
- English (Proficient – MUET Band 4)

LEADERSHIP EXPERIENCE

Resident Council Representative

Feb 2020 - Feb 2021

Kolej Profesional Mara Seri Iskandar

- Represented the student body by addressing concerns and coordinating initiatives to improve campus living conditions
- Organized and managed student activities and events, enhancing engagement and community participation.

Committee Member (College Sports Council)

Feb 2020 - Feb 2021

Kolej Profesional Mara Seri Iskandar

- Coordinated college-wide sports competitions and hostel events, fostering teamwork and collaboration among students and administration.
- Supported event planning and logistics, ensuring smooth execution of large-scale activities.

ACHIEVEMENTS

- Dean List's Award in 2022 (Bachelor of Information Technology (Hons.) Software Engineering)
- Dean List's Award in 2020, 2021 (Diploma in Business Information Technology)
